

Happy 4th Birthday Quicksilver!

This month we celebrate our fourth year of providing Fast, Friendly & Affordable Internet & Tolls services to Quicksilver customers.

We'd like to thank all of our customers, especially those who have been with us since we opened our doors in 2000.

Thanks to our wonderful staff and customers, Quicksilver were awarded a top 10 place in the Deloitte's Fast 50 Index late last year, making us **one of the fastest growing companies in NZ**, and a top 50 place in the Asia-Pacific region.

Over the last 12 months, we have worked hard to bring you many new and exciting things, such as free Antivirus & Spam Protection, Slipstream Faster Dialup & Q-biz Mail Server. This year we have many more innovations up our sleeve, here's to the next 4 years!

Earn Income on our reseller program

If you run your own business, and you think you may be able to sell 5 or more internet accounts per month, Quicksilver's reseller program could generate an attractive commission based income for you & your business.

Quicksilver provides an online reseller area for you to sign your customers up in real time, co-branded with your logo.

Is your Business suitable? Ideally as a Quicksilver reseller, you will have the following qualities:

- You are a registered business in NZ
- The business has been established for 12 months or more
- Your customer base/Target Market is suitable for selling internet or tolls services to
- You believe you could potentially signup at least 5 or more new customers per month
- You are able to provide excellent service to new customers

For more information email Trevor Isted on tisted@quicksilver.co.nz

Send a Free Online Valentines Card

Send a free online Valentines Card through our website. You can even tell it what day to send, so you can do it in advance and have it sent on the day.

www.quicksilver.co.nz/sendcard

Neon First month for \$10

From 1st February to 31st May, all new Neon customers will get their first month for only \$10.

Don't forget that for every friend you refer to Quicksilver, you'll receive a \$10 credit on your own account.

Extra Virus & Spam Protection with Viralock

Quicksilver & ViraLock have joined together to bring you even more protection against Spam & Viruses.

While Quicksilver filters out most viruses and spam on your behalf, some new viruses and cleverly constructed spam can get through and we always recommend that you take additional precautions on your computer, including using ViraLock to give you additional protection against these pests.

Special Offer

Quicksilver have negotiated a price of \$29.95 (a 40% discount) for Quicksilver customers. To access this special price NOW visit:

www.quicksilver.co.nz/viralock/full.php

If you would like to trial the software free for 30 days first, visit:

www.quicksilver.co.nz/viralock/trial.php

Ethel - The Classic Sailing Charter Yacht

Take the helm, hoist the main, set the mizzen and enjoy sailing as it was designed to be. Cruise the Hauraki Gulf of Auckland, New Zealand, on Ethel, a classic charter yacht. Come sailing with us and enjoy the spirit of our forebearers and beauty of our waters and joy of this classic sailing ship.

The Charter Yacht 'Ethel' is located at the Waitemata Plaza, Viaduct Basin. Designed and built by Logan brothers at their shipyard in Devonport, Auckland, New Zealand, she was launched on November the 16th 1896. Charter yacht Ethel was commissioned and built for the owner of Greater Mercury Island - to be used as a stores

and transportation vessel. During this time, she was entered and raced successfully on the Auckland and Wellington harbours. Recently, a refit has been undertaken and she is fully surveyed as a charter vessel. Ethel has once again taken her pride of place moored in the Viaduct basin and sailing around the Hauraki Gulf from the Amerca's Cup Village. With 107 years of service, Ethel is the oldest New Zealand registered charter yacht sailing our waters.

We have many charter cruise options available, including:

- HARBOUR CRUISE - INNER ISLANDS - OUTER ISLANDS - SUNSET CRUISE -

Business Watch

Why get a domain name for your business?

What is a domain name?

A domain name is your unique identifier on the internet, and allows you to have a website address of your choice. - e.g. www.mycompany.co.nz. Domain names also allow you to have a number of email addresses eg. bob@mycompany.co.nz

Why get a domain name?

Your customers expect you to have your own domain if you are to portray a credible and professional image online. Using ISP email addresses or a free Hotmail address is fine for home, but your business should be using your own email addresses. Why would you advertise someone else's business every time you send an email? Your customers are also more likely to remember your website address more easily if you have your own memorable domain name.

It also means you can give all staff in your company their own domain name eg. sally@mycompany.co.nz. Using Quicksilver's Q-biz system with your domain name makes it easy to do (www.Q-biz.co.nz)

How does it work?

First, you need to pick a domain name that is available. You can do this on the front page of the Quicksilver website at www.quicksilver.co.nz, and then apply to register it.

You'll pay a yearly registration fee of \$49.50 to 'own' the domain name.

You'll also need a hosting plan. This gives you access to place your domain name on Quicksilver's servers, and gives you options for the number of email addresses you need, and space for your website. Plans start from around \$20pm.

Am I guaranteed to get my company name or trademark?

In a word - no. Domain names are registered on a first come, first served basis.

What domain name should I choose?

A good business domain name can either make use of your company name, or perhaps your trade. Eg. bobsphotos.co.nz, or photographer.co.nz

How do I pick a good domain name?

A good domain name is one which is easy for your visitors to remember, and DIFFICULT to misspell. Imagine yourself trying to spell out your domain name over the phone to a customer. Short domains are easier to remember than long ones.
